

Conscious Inclusion

WITH AND BEYOND ABILITY STATUS

Wednesday, June 5 • 9:00 to 4:00 • Denver Sheraton Downtown

Who should attend?

Those in academia, leadership, public and private sectors, and community partners dedicated to conscious inclusion and its impact on retention, academic resolution, employability, and overall sense of wholeness.

A true collaborative effort

Participants will rotate to areas based on topics and conversationalist. After twenty (20) minutes, the participants will rotate to their next area for a total of five (5) rotations. Based on this experience, everyone will have an opportunity to learn from their peers and truly connecting on the important issues of conscious inclusion strategies and best practices.

The struggle isn't getting people bought into why inclusive work environments are valuable, but how to get started and expand on what you're already doing.

Lisa Pearson, CMO, Big Commerce

Learning outcomes

- Connect and learn from industry leaders in the areas of Academia, AI, Collaboration, Corporate, Diversity and Inclusion, Leadership Practices, and Social Responsibility, and have optimal results.
- Define inclusivity, equity and diversity and how they contribute to economic growth, innovation and sustainability for organizations.
