Rural and Urban

EMERGING LEADERS SOLVING WICKED PROBLEMS TO BUILD COMMUNITY

Pre-Conference • Wednesday, June 5 • Colorado Health Foundation • 9:00-12:00 • Commons on Champa

Sign up required for this event with rural and urban teenage leaders.

Rural and urban young people will work in teams to create their visions for the future of rural communities and urban neighborhoods through model building. Participants will share their perspectives and priorities with one another and with conference participants.

- Sharing the perspectives of young people on their current reality in rural communities and urban neighborhoods,
- Vision-casting 10-years into the future with important elements for enabling young people to build their future in rural communities and urban neighborhoods,
- Model building by rural and urban youth teams to illustrate their visions with tangible elements for mobilizing vision to reality,
- Rural and urban teams sharing their visions with one another to build understanding of their experiences, perspectives, common ground and diversity,
- Interactive dialog among rural and urban youth teams with adults to build understanding and peer relationships among GlobalMindED Conference participants.
