

For Immediate Release:

GlobalMindED Addresses Growing American Unrest and Workforce Challenges

Attend Ten-Year Anniversary Event Which Transforms Struggle into Strength

15 Inclusive Leaders from Business, Government, Education, and Non-Profits to be Recognized

May 16, 2024 (Denver, CO): America is in unprecedented times of unrest with so many people, especially young people, roiling over events in Gaza, climate catastrophes, dysfunctional political discourse, and post-COVID isolation trauma. When 52% of our college graduates, mostly students from the least resourced areas, are underemployed or not in jobs commensurate with their education, businesses, individuals, and the economy suffer. GlobalMindED, an Inclusive Success Network™, connects students with limited resources of all ages to role models, mentors, internships, and jobs thereby helping firms find talent while closing the equity gap. Attend this year's conference which brings leaders and students from far and wide to Denver to listen, learn, sit with difference, discuss, and transform struggle into strength: June 17 has pre-conferences, the Student Leadership Program and the Inclusive Leader Awards Dinner. June 18-19 has plenary sessions and over 90 breakouts, and the 19th adds an Industry Marketplace /Job Fair and Juneteenth commemorative program to honor African American citizens. The event is open to the public. Join us as an individual, a company, a non-profit organization, an educational institution, or government agency. [REGISTER now](https://globalminded.org/2024-globalminded-conference/) globalminded.org/2024-globalminded-conference/

All of us, especially young people, need skills of compassion, diplomacy, tolerance, and connection. This year's conference allows the most talented to be on the national and global stage and for the world's best to connect with leaders of all ages who, with them, can learn more, be more, and contribute in more impactful ways. Just some of the luminaries featured this year are experts in these areas:

- [Inclusive Leader Award Winners](https://globalminded.org/inclusive-leader-awards/) across 15 sectors - globalminded.org/inclusive-leader-awards/
- AI - Google, Stanford, U of MI, McKinsey, and DaVita
- Health - American Public Health Assoc, Genentech, Children's Hospital, UC Health, Common Spirit
- Early Learning - U.S. Dept of Education, U of Chicago, CO Dept of Early Childhood
- K-12 - El Cajon, Denver Public Schools, LinkedIn, HP, Blind Institute, Intel, ABL, Perkins School, Mesa County School District
- STEAM - NASA, NREL, NOAA, Smithsonian, World Academy of Art and Science
- Experts in Higher Ed, Technology, Global Work Skills, Funders, Policy, and more.

GlobalMindED Connects Powerful Voices Across Generations: Past, Present, Future

Join GlobalMindED, a 501(c)(3) non-profit organization, to transform current unrest into listening, language, and leadership that can transform struggle into strength for all ages and stages, but especially for our emerging leaders. Our economic future and the future of our democracy depends on this action. GlobalMindED has delivered results through mentorships, leadership programs, connections to internships, and resources including daily newsletters and equity sessions.
