

For Immediate Release:

## **As AI and Workforce Disruption Accelerate, GlobalMindED 2026 Unites Leaders**

*Dimensions of Our Democracy: Architecting the Next 250/150 Years,  
June 10-12, 2026 in Denver*

April 18, 2026 (Denver, CO):

At a defining moment for education and the workforce, GlobalMindED gathers more than 1,000 leaders and 400+ experts from across the country for its 12th annual conference, “Dimensions of Our Democracy: Architecting the Next 250/150 Years.” On June 10–12 at the Sheraton Denver Downtown Hotel, the conference convenes leaders from education, industry, government, and philanthropy to tackle one urgent question: how to ensure all students—especially those from under-resourced backgrounds—can access meaningful careers in a rapidly changing, AI-driven world. The public is welcome. Registration is open: <https://globalminded.org/2026-globalminded-conference/>

“As AI and workforce disruption accelerate, the need to connect education to real-world opportunity has never been more urgent,” said Carol Carter, CEO of GlobalMindED. “We bring together leaders committed to ensuring every student has access to opportunity, networks, and career pathways—so economic mobility becomes possible for all with the social networks needed to see who they can become.”

As the nation approaches its 250th anniversary—and Colorado marks 150 years—Approaching these celebrations gives us time to pause, reflect and begin shaping the next 100 years. These reflections will be discussed at the three-day event featuring pre-conferences, leadership development programs, and the Exceptional Leaders Awards Dinner on June 10. This is followed by two days of plenary sessions, 90+ breakout discussions, and an Industry Marketplace connecting students directly with employers. The Industry Marketplace, in partnership with the Colorado Department of Labor, is free and open to the public, featuring over 100 hiring companies on Friday afternoon from 1:30-3:30 pm.

Attendees include corporations, nonprofit organizations, educational institutions, high school and college students, and government agencies committed to building a more inclusive and prosperous future. Registration link: <https://globalminded.org/2026-globalminded-conference/>

Now in its 12th year, GlobalMindED closes the opportunity gap by connecting students to mentors, internships, and jobs—while helping organizations build future-ready talent networks of capable, resilient and resourceful grads ready to meet any challenge.
